What our users are saying...

Your Point-of-Sale program is excellent! Having used other software, we are thrilled with your product.

GT, Chalfont, PA

The software is user friendly, but a powerful program with the best technical support in the business!

TCC, Statesville, NC

Your program has made life so simple! Our business grew so fast - in fact we couldn't keep up with the paperwork! What was once an all night job to tally sales, now takes less than 20 minutes of our time!

KCM, Homestead, FL

I can enter all sales on only one screen and it separates them into the different Dealer accounts. Also, the end-of-month print-outs are great! My Dealers love being able to call and get a (sales) report at anytime!

DPCM, Topeka, KS

With over 400 vendors, an efficient and easy-to-use retail system is not a luxury, it is a necessity. We've been using RFCanonical's software since 1999...

TTP, Livonia, MI

It's very refreshing to not only have a program that helps run the store, but to have a support system that's there when you need it, giving you the right answers and solutions you need to keep your business running smoothly.

CCB, San Jose, CA

*I am very pleased that I chose **VMM** and the **Web Poster** and will continue to use them as long as I am in business. ... I can't compliment **VMM** enough. **I LOVE THIS PROGRAM!***
